Dear Patients,

All of us at Surgery of Tomorrow are pleased to announce that we have recently been accredited by the Accreditation Association for Ambulatory Health Care (AAAHC).

This is an important milestone in the continuing growth and success of our health care organization. Pursuing accreditation shows our commitment to providing the highest levels of quality care to our patients, and the same high level of quality in our business practices. Achieving accreditation by AAAHC is proof that we have met the rigorous standards of a nationally-recognized third party, as well as the very high standards of the Centers for Medicare & Medicaid Services.

We are proud to have met the challenge of accreditation, and intend to consistently uphold the principles of quality improvement in patient care in the future.

Sincerely,
